

ACRATECH

PROFESSIONAL PHOTOGRAPHIC AND IMAGING PRODUCTS

The new Acratech Quick Release Lever Clamp features a locking lever and is fully adjustable so it will fit virtually all Arca-Swiss compatible quick release plates. The precision laser etched scale makes it easy to precisely position, nodal rails and other accessories.

QUICK RELEASE LEVER CLAMP

- Locking lever cannot be accidentally opened.
- Easily adjusted to fit all Arca-Swiss compatible QR plates
- Long lasting stainless steel hardware.
- Fits all standard tripod heads (1/4-20 and 3/8-16 threads).
